

Science – CPD Programme

2023 – 2024 for Secondary and Post-16

North Midlands and Black Country Science Learning Partnerships continue to deliver a CPD programme for teachers and technicians that covers subject knowledge, pedagogy, curriculum design and health & safety. Each course is led by one of our accredited, subject specialist facilitators and delivered either remotely online across a series of short, live sessions or face to face. In between remote delivered CPD, through structured tasks, you will explore key resources, develop materials to share with colleagues and reflect on your own learning.

To see more detail for each course please click on the course title to access the [STEM learning CPD website](#) where you can make your booking.

Please do get in touch at NMSLP@potteries.ac.uk should you have a particular need in your teams as we can provide a range of support.
