

Early Career Teachers

Appropriate Body Services

From 1 September 2025, the Early Career Framework (ECF) will be superseded by the updated Initial Teacher Training and Early Career Framework (ITTECF) and schools are expected to deliver a programme of training and support based on the ITTECF. The role of an Appropriate Body is to quality assure the induction is based on the ITTECF and to ensure ECTs are receiving their Statutory Entitlements.

John Taylor’s Appropriate Body supports schools with the registration, monitoring of support and assessments throughout the induction period.

We understand that your Early Career Teachers may need to be registered with different Appropriate Bodies dependent upon their employing school and ITE training provider so by working in partnership the aim of the Teaching School Hub is to make the process as seamless as possible for schools registering multiple Early Career Teachers.

All registered Early Career Teachers will benefit from:

Standardised Forms and Resources

The registration forms and assessments will be the same for both Appropriate Bodies for familiarity and consistency.

Mentor Training

Aligned mentor training sessions will run from both venues giving mentors a choice of venues and dates.

ECT Manager

The online management system will be used by both Appropriate Bodies for ease of use.

ECT Welcome

Both Appropriate Bodies will offer an introductory session for ECTs to meet the named contact within their Appropriate Body. Sessions will outline the role of the Appropriate Body throughout induction as well as providing an opportunity for a wide network for collaboration with other Early Career Teachers.

ECF Programme

Cost

Level of Service and Support

A funded provider-led programme

£200 per ECT per year

- AB to register ECTs on the TRA system with DfE.
- Ensure ECTs are fairly and regularly assessed through collection of monitoring reports and formal assessment points at the end of year 1 and 2 of induction.
- Up to half day additional support for ECTs not meeting Teacher Standards.

Schools deliver their own training using DfE accredited materials and resources

£500 per school + £200 per ECT per year

In addition to the above:

- Year 1- Initial remote meeting with the school where AB Lead will review the curriculum.
- Year 1- In person visit to review the curriculum implementation.
- Year 2- In person visit to evaluate the effectiveness of the curriculum.
